

...what about you and your participants?

Water safety has become more important in the last years.

More than 40 schools and rental stations already use Restube during their lessons to provide extra safety.

Be a visible part of the RESTUBE story and benefit from our safety partnership program.

RESTUBE IN USE

„We have tested Restube and consider it as a practical safety add-on.“

VDWS e.V.

"Having had a look at the Restube and being familiar with the product, I am happy for BSUPA to recommend it to all SUPers' as a great safety device which can increase safety and enjoyment in certain areas of SUP.“

British Stand Up Paddleboarding Association

„As a SUP-teacher, the safety of my participants is important for me. Since I know RESTUBE, there is no alternative system for me to feel free and safe on the water. I would also like to transfer this feeling to my protégés.“

Guido Meier, Bavarianwaters

„It´s a great tool for open water swimmers – I swim with Restube in all lakes, rivers and in the sea, to be seen and for holding.“

Martin Tschepe
(ice water) swimmer

BECOME A PART OF OUR STORY

SHOW YOUR RESPONSIBILITY FOR SAFETY

Receive the official safety partner seal for your school or rental station as a visible quality feature.

BECOME MORE VISIBLE

Get a listing on our interactive map <https://www.restube.com/safety-partner/>

TRAINING

Your team will receive a free product training by us or one of our partners.

HIGHER TURNOVER

Increase your turnover by offering Restube in your shop.
